
Sebastian Rebelo

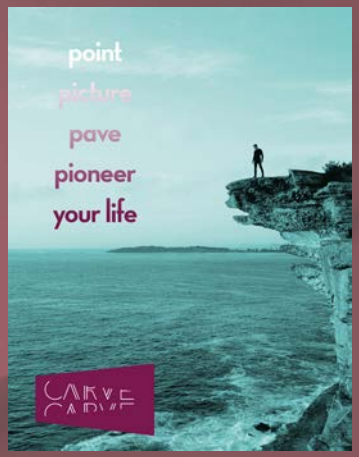
Graphic Designer

Sebastian Rebelo is a Graphic Designer and Photographer from the New York City area, looking to obtain a creative and challenging position in design and photography from initial concept, artistic design, and production.

I develop unique and challenging creative ideas and provide high quality content for all materials, including branding, marketing campaigns, and advertising.

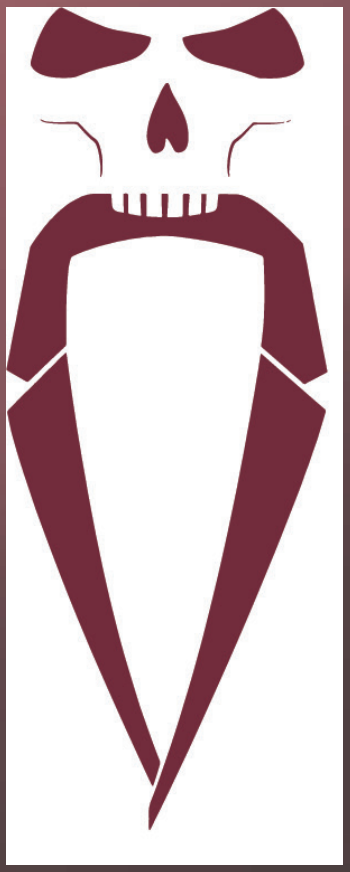
RUNNER'S is a fictional distillery based on the idea of rumrunning in the 1920's. The project encompasses packaging design, a full brand identity, along with collateral indicative of a distillery.

RUNNER'S

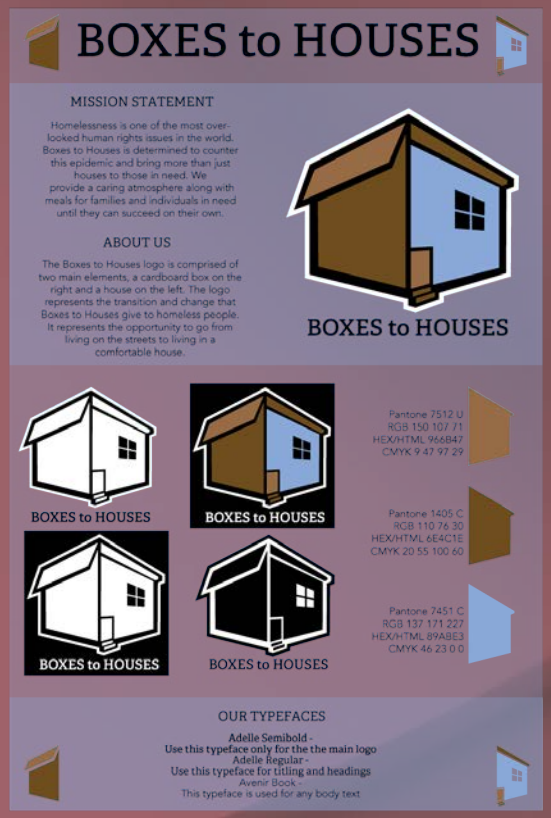


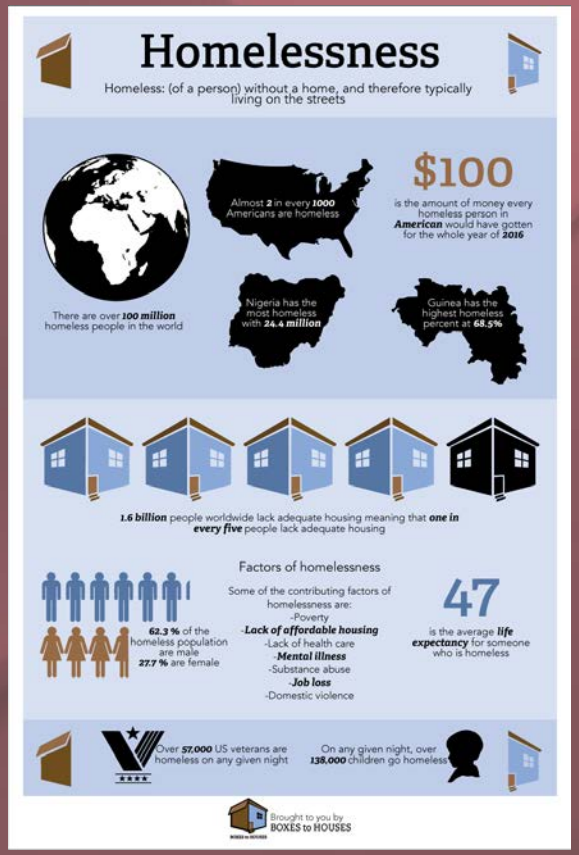
CARVE is a concept lifestyle brand that I created as a personal project. I wanted to explore making a lifestyle brand, specifically for the do-it-yourselfers, the creators, the artists, the adventurers in the action sports world of snowboarding, skating, and longboarding.

punk & dapper stay you



Punk and Dapper is a concept clothing brand that was developed as part of a class assignment. The project included coming up with a brand identity and concept.





BOXES to HOUSES is a conceptual not for profit brand that I created to challenge myself to solve a world problem. The idea of the project was to create a not for profit that dealt with a public issue that you are concerned about and want to see a change made.
